Section 3.3 Collection of Annual Maintenance Assessments and Special Assessments. The annual maintenance assessment and any special assessments shall be paid and collected in accordance with the following procedures:

(a) The annual maintenance assessment shall be paid by each Owner in equal monthly installments in advance on the first day of January and on the first day of each month thereafter of the year for which the assessments are made at the offices of the Association, or at such other place as may be designated by the Association. Assessments and installments on such assessments paid on or postmarked before ten (10) days after the date when due shall not bear interest, but all sums not paid on or postmarked before ten (10) days after the day when due shall bear interest at the rate of 18% per annum, unless this rate is subsequently changed by the Board of Directors of the Association. However, in no event shall the rate be more than the maximum legal rate for individuals in the State of Florida.

(b) If an Owner shall be in default in the payment of an installment upon an assessment, the Board of Directors may accelerate the remaining installment of the assessment upon notice to the Owner and thereupon the unpaid balance of the assessment shall come due upon the date set in the notice, but not less than ten (10) days after delivery thereof to the Owner or not less than twenty (20) days after the mailing of such notice to him by registered or certified mail, whichever shall first occur. Any Owner, tenants, guests or invitees, in arrears of monthly installments of the annual assessment exceeding 90 days shall be subject to loss of privileges of access to the Limited Common Area and suspension of voting rights. No suspension will be in effect without fourteen (14) days written notice and the opportunity for a hearing before a board-appointed committee consisting of at least three members who are not: officers, directors or employees of the association, or the spouse, parent, child, brother or sister of an officer, director or employee.

(c) The Association may, from time to time, levy in any assessment year a special assessment, applicable to that year only, for the purpose of providing funds, in whole or in part, for any construction, reconstruction, repair or replacement of a capital improvement, including any fixtures or personal property related to it. However, any special assessment shall first be approved by the Board of Directors and assented to by Owners having at least 2/3 of the voting rights in the Association. An individual Owner's share of any special assessment shall be determined in the same manner as the share of the annual maintenance assessment. Special assessments shall be payable in the manner determined by the Board.

(d) Each assessment shall be the personal obligation of each Owner. If the assessment is not paid on the due date set in the notice of acceleration, the Association may, in addition to any other remedies it may have, bring an action against the Owner to collect the amount due. The Association shall be entitled to recover, in addition to the assessment and any interest, all costs and attorneys' fees incurred in collecting the assessment.

(e) Upon request of any Owner or mortgagee, the Association shall furnish a certificate in recordable form signed by an appropriate officer showing the amount of unpaid assessments, if any, against any individual parcel of property, the year or years for which any unpaid amounts were assessed and levied, and any interest or other charges. The information stated in the certificate shall be binding in all circumstances on the Association.

Section 3.4 Lien for Annual Maintenance Assessment and Special Assessments. The following provisions are made to establish an alternate or cumulative means to enforce collection of annual maintenance assessments and any special assessments:

(a) The Association, as the present owner of the property, declares that all land subject to maintenance assessments and maintenance liens, together with all improvements now or later constructed on these lands, shall be subject to a lien for the annual maintenance assessment and any special assessments. Each purchaser and future Owners of any individual parcel of the Property subject to these assessments, by acceptance of a deed to the Lot, shall be deemed to have agreed to pay the assessments to the Association. Also, any future Owner of any individual parcel of the Property acquiring title by devise, intestate succession, mortgage or lien foreclosure, judicial sale, or by any other means, shall be deemed to have agreed to pay these assessments to the Association. The annual maintenance assessment and any special assessments, together with interest and collection costs, as provided in this instrument, shall be a continuing lien on the land subject to the assessments and all improvements of such land until the lien is satisfied and released.

(b) If the assessment is not paid on the due date set in the notice of acceleration, the Association shall have the right to file a claim of lien in the Public Records of Sarasota County, Florida. This lien shall attach only upon recording of a claim of lien in the Public Records of Sarasota County, Florida.

(c) The lien for any assessment levied against an individual parcel shall be subordinate and inferior only to ad valorem taxes or special assessments levied by governmental entities and the lien of certain mortgages as provided in Subparagraph (d).

(d) The lien for any assessment shall be subordinate to all bona fide mortgages other than purchase money mortgages given by a buyer to an Owner-seller of a parcel which are placed upon any parcel subject to an assessment prior to the recording of a claim of lien by the Association. However, this subordination shall apply only to assessments that were due and payable prior to the sale or transfer of the property pursuant to a final judgment of foreclosure or any other proceeding or transfer in lieu of foreclosure. No sale or transfer shall relieve any parcel or the purchaser or transferee from liability for any assessments thereafter becoming due or from the lien of any such subsequent assessment.

(e) The Association may enforce the assessment lien by a foreclosure action in the same manner as a mortgage or in any other manner permitted by the laws of the State of Florida. If the Association commences an action to foreclose the lien, it shall be entitled to recover all costs, expenses and attorneys' fees incurred in preparation for and in bringing the action, and all costs, expenses and attorneys' fees shall be secured by the lien.

(f) All rights and remedies of the Association in this paragraph are cumulative of any other rights and remedies it may have pursuant to this instrument or by law. No provisions of this paragraph regarding subordination of the lien for assessments shall relieve an Owner from personal responsibility for payment of the assessments and any costs and fees incurred in collecting it.

Section 3.5 Reserves. The Association may, in its discretion, either hold collected maintenance funds without investing them, or it may invest them. The Association may also set aside in reserve a portion of the annual maintenance assessment that it determines to be appropriate for expenditure in years following that for which the assessment was made.

Section 3.6. Lands Subject to Assessment. All of the Property is subject to the lien for the annual maintenance assessment and any special assessments as described in this instrument, with the exception of the following lands:

(a) Roadways, rights of way, utility sites, and similar lands and improvements that may be conveyed or dedicated by the Association to any governmental body, or public or private utility company, as reflected in any Plats of Chestnut Creek or in any document recorded in the public Records of Sarasota County, Florida;

(b) The Limited Common Area as more particularly defined in the Declaration.

In the event an Owner of any Lot in the Patio Homes shall fail to maintain the premises and the improvements situated thereon in a manner satisfactory to the Board, the Association, after approval by two-thirds (2/3) vote of the Board, shall have the right, through its agents and employees, to enter upon said parcel and to repair, maintain, and restore the Lot and the exterior of the buildings and any other improvements erected thereon. The cost of such exterior maintenance shall be added to and become part of the assessment to which such Lot is subject.

DRIVEWAYS & FRONT WALKS

Public sidewalks, including the portion that is part of your driveway, may not be stained. This is a safety consideration because stained surfaces may be slippery.

Driveways and *private* front walks may be stained with Scott's Concrete Sand, Color 706 or Anvills Catalina Stone (available from Babes Hardware).

Please note that paints may be obtained from any paint vendor. The Board is not endorsing any brand of paint or vendor. Many large paint vendors have a file on the Patios and can match any of the approved colors. Additionally there are "paint sticks" at the Clubhouse that residents may use to take to paint vendors to match colors.

Notice to our customers:

Due to changes made by our tint-colorant supplier, all custom colors in our files using colorant "L" will have to be reformulated to match existing samples.

As this is a time-consuming process, you will be asked to place your paint order with a plan to pick it up later in the same day or the following one. We will do our best to expedite your order.

We apologize for the inconvenience and frustration this may cause.

The above also applies to colors using ~~GA~~, H, J, and VB colorants, which have been discontinued by the manufacturer.

ARB GUIDELINES

THE "PATIOS LOOK", ONE OF LOVELY LANDSCAPED GROUNDS AND EXTERIOR HOME STYLES OF A SIMILAR NATURE, REFLECTS THE FEELING OF A COMMUNITY THAT CARES ABOUT AND FOR ITSELF. FOR MANY OF US IT WAS THE REASON WE WERE ATTRACTED ORIGINALLY TO THE AREA. AND FOR THOSE WHO HAVE BEEN PART OF THE PATIOS FROM INCEPTION AND DURING THE GROWTH YEARS IT DEMONSTRATES THE GOOD STEWARDSHIP OF THE ASSOCIATION AND ALL ITS RESIDENTS. WE ALL ARE PROUD TO INVITE FAMILY, FRIENDS AND ACQUAINTANCES TO OUR HOMES. PART OF THAT PRIDE IS THE RECOGNITION THAT OUR NEIGHBORHOOD LOOKS ATTRACTIVE AND IS WELL MAINTAINED.

THE ARCHITECTURAL REVIEW BOARD (ARB) EXISTS TO CONTROL THE OVERALL APPEARANCE AND CONFORMITY OF THE PATIO HOMES. IT ENSURES THE ADHERENCE TO THE PROVISIONS OF THE LAND USE DOCUMENTS WHILE MAKING CERTAIN THAT ANY CONSTRUCTION AND ALTERATIONS BLEND IN WITH THE CHARACTER OF THE NEIGHBORHOOD. THE VAST MAJORITY OF US RECOGNIZE THAT GRANTING SEEMINGLY SMALL EXCEPTIONS TO THE LAND USE DOCUMENT AND BY-LAWS INHERENTLY OPENS THE DOOR TO LARGER AND MORE CONSPICUOUS VARIANCES THAT ULTIMATELY CAN SERIOUSLY EFFECT THE OVERALL LOOK OF THE PATIOS.

WITH ALL OF THE ABOVE IN MIND THE ARB WILL ATTEMPT TO PERIODICALLY COMMUNICATE IN THE NEWSLETTER MORE INFORMATION ON VARIOUS ASPECTS OF THE ARCHITECTURAL GUIDELINES. HOPEFULLY A BETTER UNDERSTANDING OF THE SPECIFICS AND BACKGROUND BEHIND MANY OF THE POLICIES WILL HELP IN MINIMIZING PROBLEMS CONCERNING OWNERS REQUESTS FOR ARCHITECTURAL CHANGES.

BELOW IS OUR FIRST SUCH ATTEMPT: GUIDELINES CONCERNING LANAI ENCLOSURES. FREQUENTLY RESIDENTS WISH TO ENCLOSE THEIR LANAI IN VARIOUS WAYS AND THE FOLLOWING SHOULD MORE CLEARLY PROVIDE A FRAMEWORK OF HOW THIS ARCHITECTURAL CHANGE IS BEING VIEWED IN THE CONTEXT OF THE LAND USE DOCUMENTS.

- 1.) IF A LANAI IS CURRENTLY UNDER ROOF (I.e. A ROOM SCREENED IN BUT COVERED WITH A TILE ROOF), THE SCREEN SIDES CAN BE REPLACED WITH WINDOWS AND KICKPLATE THAT ARE IN CONFORMANCE WITH THE ARCHITECTURAL STYLE AND CONSTRUCTION QUALITY EXISTENT IN THE PATIO HOMES. ANY CHANGE NEEDS APPROVAL BY THE ARB.
- 2.) IF A LANAI IS SCREENED ON TOP, THE ONLY REMEDY AUTHORIZED CURRENTLY IS ENCLOSING THE LANAI UNDER ROOF WITH TILE MATCHING THAT ON THE RESIDENCE AS IT NOW EXISTS. NO OTHER ROOF COVERING (METAL, WOOD, PLASTIC, ETC.) HAS BEEN MANUFACTURED THAT CONFORMS TO THE ARCHITECTURAL STYLE AND QUALITY NOW PREVALENT IN THE PATIO HOMES. ANY CHANGE NEEDS APPROVAL BY THE ARB.
- 3.) USE OF ANY MATERIAL TO COVER THE ROOF OR SCREENED SIDES OF THE LANAI FROM THE INSIDE OF THE SCREENED ENCLOSURE FALLS UNDER THE SAME RESTRICTIONS.

IF YOU HAVE QUESTIONS REGARDING THE ABOVE, OTHER ARB CONCERNS, REQUESTS, OR ARE CONTEMPLATING ANY EXTERIOR OR LANAI CHANGES, PLEASE CONTACT AN ARCHITECTURAL REVIEW BOARD MEMBER FOR ANSWERS AND/OR GUIDANCE.

THE PATIO HOMES OF CHESTNUT CREEK

HURRICANE SHUTTER POLICY

Revised December 1, 2012

The Architectural Review Board in conjunction with the Board of Directors exists to ensure the adherence to the provisions of the Land Use documents, while making certain that any construction and alterations blend in with the character of our neighborhood.

The goal of this policy is to allow certain hurricane shutter options within the framework and insure prudent construction standards that will maintain the integrity of the residence. The granting of variances and options as well as certain restrictions under this policy will be governed by Section 4.15 of the Amended and Restated Declaration of Maintenance and Land Use Provisions for Chestnut Creek, p. 17, dated July 27, 1999, and Article V, Section 5.9 of the Patio Homes Land Use document, p. 12, dated May 6, 1999.

All hurricane *shutter styles* installed before April 30, 2006 are acceptable. Effective April 1, 2007 & April 1, 2011 the Hurricane Shutter Policy was revised.

Effective December 1, 2012 the Policy is further revised; *Italics* indicates new language in the Apr 1, 2011 & Dec 1, 2012 revisions. *All Hurricane shutters approved between April 2007 and March 31, 2011 are grandfathered. When hurricane shutters are replaced, they must conform to the current policy.*

- 1.) Shutters must be one of *five* styles:
 - a. Permanent roll type with slats made of *white* aluminum or PVC
 - b. Permanent clear, polycarbonate flat panels
 - c. Removable corrugated *white* aluminum or clear polycarbonate panels
 - d. *White* Accordion style hurricane shutters that match the openings they are covering.
 - e. *Certified Fabrics in white only.*

See paragraph 11 for other shutters approved to be used during a hurricane.

2.) Shutters of the Roll type must have bolts, nuts and washers of stainless steel or aluminum alloy. All concrete anchors shall be Red Head or equivalent. Roll-type shutters may have controls that operate from inside the dwelling and be either electric or manual.

3.) *All types of shutters, attaching hardware, and devices must be either white or clear. Prior to this revision, white or clear was required only on the front of the home.*

4.) *Deployment of hurricane shutters is permitted only during the period from June 1 thru November 30. Only clear flat polycarbonate panels may stay in place at all times. Prior to Dec. 1, 2012 there were no deployment dates specified.*

5.) Shutters must be installed on outside walls above windows and sliding doors and under the eaves where applicable. On lanais, all shutters must be installed on the inside of the screened area.

6.) Homeowner agrees to indemnify, defend and hold harmless the Patios Homeowners Association from any claims, actions, cost or expense including, but not limited to, attorney's fees arising out of or because of the construction or maintenance of the hurricane shutters.

7.) **Homeowners wishing to install hurricane shutters shall submit to the Board of Directors, through the Architectural Review Board, a written request.** The request must include drawings which detail the specifications of the project as well as a sketch or picture of what the shutter will look like once installed. The method of installation to the residence must also be included.

8.) The Board of Directors, through the ARB, will have 30 days from the date the request is submitted to act upon the request. However, every effort will be made to expedite the owners request and application as quickly as possible.

9.) Any owner or party aggrieved by the decision of the ARB shall consult their Amended and Restated Bylaws of the Patio Homes of Chestnut Creek Owners Association, Article XI, Section 4.C, Page 9.

10.) It is expressly understood and agreed that these conditions shall be binding upon owner and also heirs, successors, and interest or assigns of owner, and shall be the condition implied in any conveyance or other instruments affecting title of affected home.

11.) During an actual hurricane, all approved shutters can be *deployed*. In addition, plywood, fabric etc. can also be put in place three days prior to a hurricane but must be removed within three days after the hurricane has passed.

12.) Shutters must comply with current South Florida building codes. Specifications must comply with state and county building codes.

The Homeowner has the responsibility to ensure that all state and county codes are met. Approval by the ARB and Board of Directors does NOT imply conformance with applicable codes.

Landscape Maintenance Guidelines and Policies
May 2013

1. The Association is responsible for the following as part of the monthly maintenance fee. The scheduling of any special work, replacements, or repairs will be done at the direction of the Grounds Committee:
 - A. To cut, trim, and/or repair sodded areas. The Association will replace dead or diseased landscaping. The Association will maintain ornamental shrubbery on residents' lots in such a way as to facilitate routine maintenance. Individual owners who require exceptions to routine maintenance may do so upon approval from the Grounds Committee. The extra cost of such work will be billed directly to the owner.
 - B. To cut and trim all shrubs and privacy hedges on an as-needed basis to retain an attractive form. All shrubs growing next to buildings shall be pruned in such a manner as to create a space between the plant and the building of approximately 6-12" depending on the placement of the plant.
 - C. To replace all dead or diseased palm trees with 30 gal. palm, pigmy palm, Adonidia (Christmas tree palm), or foxtail palm.
 - D. To replace all dead or diseased privacy hedges, bushes, and trees only with plants deemed appropriate by the Grounds Committee.
 - E. To treat all turf, trees, and shrubs with fertilizer and appropriate controls for diseases, weeds, and pest infestation subject to limitations imposed by the EPA or the State of Florida.
 - F. To trim hardwood trees up to 15 feet in canopy height. Shaping and pruning of hardwood trees will be paid by the owner.
 - G. To trim palm trees twice per year.
 - H. To trim oak trees once every two years.
 - I. To remove clippings and blow hard surfaces, walks, driveways, outside porches or patios after trimming shrubs or mowing grass.
 - J. To maintain areas around shrubs. A non-selective, post emergent herbicide shall be used and/or hand weeding will be done. Where shrubs and plants are close together, hand weeding will be done as necessary.
 - K. To pay up to \$250 for the replacement of a dead or diseased tree, hardwood or palm.
 - L. The Association believes that the Oak Trees are an enhancement to the community. Therefore, every attempt should be made to retain them. It is recognized that there can be justifiable reasons to remove an Oak Tree. Such removal must have the written approval of the Grounds Committee and the removal is at the expense of the lot owner. Stumps must be ground down and the area re-sodded at the owner's expense. Lot owners are encouraged to replant these spaces with hardwood trees.

2. Residents are expected to adhere to the following:
 - A. The addition, removal, or replacement of trees of any type requires written approval of the Grounds Committee. A list of approved trees and shrubs can be found in the Red Book.
 - B. The enlargement of any existing beds of flowering plants or ornamental shrubbery is prohibited without written approval of the Grounds Committee.
 - C. Citrus trees are not permitted
 - D. Flowers may be added to existing beds at the owner's expense.
 - E. Bird feeders are not permitted.

3. Guidelines for use of decorative rock and/or mulch in existing landscape beds:

At the owner's expense, mulch or river rock gravel may be incorporated into the layout of any existing landscape beds in accordance with the following restrictions:

- A. Mulch may be applied to any existing landscape beds if a cypress or red color is used. Other colors must be approved by the grounds committee in writing.
- B. Written requests and written approval are necessary for installation.
- C. River rock (#2B or ¾ inch) either white or brown may be used. Any other material must be approved by the grounds committee before installation.
- D. A commercial grade of black edging must be installed to surround any area of river rock or other approved material.
- E. Poured curbing may be installed subject to ARB approval.

Owners may request approval for the installation of decorative rocks within existing beds in the street front areas. Such rocks will be limited in size to no more than 12 inches in height and no more than 60 inches in perimeter. Maintenance of rock landscape beds is the resident's responsibility.

4. Catastrophic Event

If a catastrophic event occurs, either natural or man-made, special action will be taken. There is a Reserve fund for use in such an event and these reserve funds will be used in an effort to bring the Patio's grounds and landscaping back to the level prior to the event.

5. All landscaping is to comply with the community standards currently in effect for the Patios.

If the Association accepts responsibility for replacing a shrub, tree, or ground cover, it will be replaced with a plant from this list only. If the homeowner wishes to replace a plant not found on this approved list, it must be done at the homeowner's expense after receiving approval from the Grounds Committee. C.: IRRIGATION COMMITTEE:

1. Definition, Operating and Scheduling.

IRRIGATION

The current irrigation schedule provides each lot in the Patios one period of forty five minutes of watering once every week. Specific days and times for each lot are listed on the Bulletin Board at the Clubhouse.

The system operates from a pump house located just west of the entrance to the Patios where two pumps take water from the lake for distribution to all the Patios properties.

The low pressure pump maintains a constant pressure in the main lines which circle the Patios properties. The high pressure pump is activated during watering periods and forces the water through the specific lot systems where valves are open during assigned periods. Three expansion tanks absorb surges in pressure that would otherwise damage the lines or sprinkler heads. One clock controls the high pressure pump to begin and end a watering cycle. Six additional clocks open and close the valves that permit water to be distributed to each lot in the Patios. Water at each lot is controlled by a solenoid valve that is opened and closed by a clock. This valve can also be operated manually for maintenance and repairs.

Each lot in the Patios is served by a design of sprinklers that cover the area of the property and, in some installations, water boundary line areas. With few exceptions, systems of adjoining properties are not watered at the same time.

A gauge automatically shuts off the system in the event of heavy rain and the pumps may be turned off for several days after a rainfall of about 1.75 inches or more. A rainfall of .75 inch normally only shuts the system down for a day.

Sprinkler heads break and become clogged. They are serviced by a contractor, but it is the owner's responsibility to identify damaged or inoperative heads. To report any problems, fill out the sprinkler report form available at the clubhouse, and deposit it in the white "Irrigation Box" at the front door of the clubhouse. The form is a written record that contributes to the supervision of the system.

If a serious problem forces the shutdown of a lot's system, the owner will be notified of the estimated time needed for repairs via a notice on the bulletin board.

SOCIAL CLUB BEREAVEMENT COMMITTEE POLICY
Use of the Clubhouse Facilities for Post Funeral/Memorial Gatherings

The Clubhouse is available to the family of a deceased resident for a post funeral or memorial gathering. The \$50.00 rental policy will be waived if the gathering is "open" to all Patio residents who want to share with the family at this time. For a private gathering the rental fee would apply and arrangements should be made through the Clubhouse Chairperson or in his/her absence the Social Club Chairperson and will not involve the Bereavement Sub-Committee. Whether it is a private or open gathering the use of the Clubhouse facilities will include the dishware, tablecloths, paper products and flatware. Coffee and tea will be provided.

After it has been determined that the Clubhouse will be used for an "open" gathering, the Sub-Committee Chairperson needs to be contacted with the particulars regarding date, time, etc. so that they can post a notice on the bulletin board outside the Clubhouse.

Bereavement Sub-Committee quad members will coordinate all "open" gatherings and will serve all food that has been contributed or provided. Additional assistance may be provided from friends and family of the deceased.

Social Club funds will not be used to provide food for these gatherings.
